### [Candid:](#)

Candid was born February 1, 2019, when Foundation Center and GuideStar joined forces. We connect people who want to change the world with the resources they need to do it. Every year, millions of nonprofits spend trillions of dollars around the world. We find out where that money comes from, where it goes, and why it matters. Through research, collaboration, and training, we connect nonprofits, foundations, and individuals to the resources they need to do good, building on 88 years of dedicated experience.

The Network is charged with the objective of identifying, registering, coordinating, building capacity, and mobilizing civil society organizations to promote interconnectivity and bring equity, justice, peace, and development to grassroots communities throughout Nigeria, including the implementation of the Sustainable Development Goals (SDGs).

The Nigeria Network of NGOs (NNNGO) is the first generic membership body for civil society organizations in Nigeria that facilitates effective advocacy on issues of poverty and other developmental issues. Established in 1992, NNNGO represents over 2,800 organizations ranging from small groups working at the local level, to larger networks working at the national level.

In total our outreach to the third sector in Nigeria is estimated to be in the excess of 5000 which includes both members and affiliates at national and global levels.
