for borderless giving

Myriad USA is the new name for the King Baudouin Foundation United States (KBFUS). Building on the expertise of KBFUS and Give2Asia, we provide donors with a simple and efficient platform to support nonprofit initiatives overseas, anywhere around the world.

LOCAL EXPERTISE, GLOBAL REACH

Myriad USA was launched in January 2024 to provide donors with a simple and efficient platform to support nonprofit initiatives overseas, anywhere across the globe.

We bring together the expertise of the King Baudouin Foundation United States (KBFUS) and Give2Asia, and build on their shared history, their shared belief that local knowledge counts, and their shared objective to help strengthen institutions, empower communities, and improve the lives of people around the world.

With Myriad USA, donors can count on a knowledgeable, one-stop-shop for all their international giving,

regardless of geographic location. We also provide foreign nonprofits with cost-effective solutions to mobilize resources in the United States.

I am proud to share our 2023 Snapshot, showing the combined achievements of the two longtime partners - \$142 million in grants to 796 nonprofits, active in a diversity of fields, in close to 100 countries. Myriad USA will continue to build on those achievements, and we look forward to working with you in 2024 and beyond!

Jean Paul Warmoes,
CEO, Myriad USA

CUSTOMIZED SERVICES FOR U.S. DONORS

FLEXIBLE PHILANTHROPY WITH A GLOBAL REACH

A **Donor Advised Fund** is a flexible tool for individuals, families, and corporate donors seeking to support nonprofit initiatives across the globe. Donors can claim an immediate tax deduction when they contribute to their fund and then recommend grants to favorite charities at their convenience.

The Metta Charitable Foundation Fund was established by Victoria and Peter Bauer to support South African nonprofits in the fields of education and conservation. Grantees include Cape Kids Foundation which focuses on education and life skills for underserved youth, and the Centre for Animal Rehabilitation and Education which is dedicated to wildlife rescue, care and release.

A LASTING COMMITMENT TO FUTURE GENERATIONS

With a **Legacy Fund**, donors can create a charitable legacy for the communities they cherish, anywhere across the globe. A Legacy Fund will make gifts to a donor's preferred charity or cause, in perpetuity or for a specific number of years. Contributions can be made during their lifetime or through a bequest.

Each year, the **Gerald Soto '82 Memorial Scholarship Fund** awards at least four scholarships to talented, high performing students, boys and girls, in need of financial support, enabling them to pursue their studies at Sumulong Memorial High School (SMHS) in Antipolo City in the Philippines. The Fund was established in memory of Gerald Soto, who graduated from SMHS in 1982.

GIVING ART AND COLLECTIONS TO MUSEUMS OVERSEAS

Through **Myriad ART**, we help donors navigate the cultural, legal and tax complexities involved in donating art overseas. The artworks we receive are placed in leading museums across the globe. We can work with a donor's preferred institution or identify an appropriate host organization in the country of their choice.

New York collector Charles Hack turned to Myriad ART to facilitate a gift of an early self-portrait by Belgian Symbolist painter Léon Frédéric, which can now be admired at the **Royal Museums of Fine Arts of Belgium**. The portrait was painted in 1877, when Frédéric was 21. His works may be seen at museums in Belgium, the Musée d'Orsay in Paris, and the Philadelphia Museum of Art.

SOLUTIONS FOR FOREIGN NONPROFITS

A COST-EFFECTIVE SOLUTION TO RAISE FUNDS IN THE U.S.

An **American Friends Fund** provides foreign nonprofits with a cost-effective solution to receive tax-deductible gifts from supporters in the United States. With a Friends Fund, organizations avoid the trouble and expense of setting up their own U.S.-based charity. We handle donor support and back-office administration.

Connect Children Now -the Lebanese affiliate of Defence for Children International- is on a mission to protect all children across Lebanon from violence, abuse, and exploitation. Its programs focus on the most vulnerable, empowering them through education, psychosocial support, and legal aid when needed. Its aim is to provide vulnerable children with a brighter, more equitable future. Donors can support their work through the American friends of Connect Children Now.

INNOVATIVE LEARNING OPPORTUNITIES

THE ART & SCIENCE OF FUNDRAISING

Each year, Myriad USA organizes two intensive study visits on the Art & Science of Fundraising, to introduce universities and cultural institutions from around the world to successful development strategies. During four days of discussions with some of New York City's most talented fundraisers, participants explore creative solutions to broaden their funding.

SPOTLIGHTING SOCIAL INNOVATORS

Myriad USA spotlights some of its most creative partners from across the globe, in an effort to connect them with investors and philanthropists. We invite these changemakers to join us for convenings and events hosted by like-minded organizations, including the Skoll Foundation, the Global Philanthropy Forum, and the African Diaspora Network.

DISASTERLINK

When disaster strikes, our **Disaster Response Funds** and **DisasterLink** initiative enable donors to give quickly and confidently.

With **DisasterLink**, a curated network of 46 trusted local partners covering 17 countries at high risk for natural disasters, Myriad USA is equipped to provide immediate relief during a crisis and help communities rebuild and recover in the long term.
