# YOUR TRUSTED PARTNER FOR CORPORATE GIVING ACROSS THE GLOBE

Successful corporate giving depends on local knowledge, staff expertise, and an individualized strategy. Myriad USA partners with global corporations and their foundations to extend their social impact and reach communities around the world. As your partner and advisor, we make it easier and safer for you to do the global philanthropic work you care about. We leverage over 20 years of experience supporting Fortune 500 companies in their international charitable giving.

## CORE CORPORATE SERVICES

### INTERNATIONAL ADVISED GIVING OPTIONS

A Donor Advised Fund is a flexible tool for corporate donors seeking to support nonprofit initiatives across the globe. Claim an immediate tax deduction when you contribute to your fund and then recommend grants to favorite charities at your convenience. Myriad USA works with a competitive pricing structure, and offers flexible solutions like one-off advised gifts and American Friends Funds for foreign grantees.

### DEDICATED RELATIONSHIP MANAGERS AND A TEAM OF EXPERTS

Personalized stewardship is important to our team. Every corporate partner receives the direct support of a relationship manager and a team of regional experts to advise on their grantmaking portfolio and local regulations. Our relationship managers act as thought partners to support your grantmaking goals. We can work with your established grant portals such as Cybergrants and SmartSimple, or accommodate additional process requirements as needed.

### ENHANCED DUE DILIGENCE & RISK MITIGATION

Myriad USA performs due diligence on all international grantees to ensure compliance with U.S. regulations and local laws in recipient countries, and both exercises expenditure responsibility and conducts equivalency determinations. We excel in navigating complex environments and work with local, in-country experts to ensure a thorough level of risk management. Our verifications go beyond minimum requirements and include reputational checks to ensure that our donors can give with confidence.

# CORPORATE PLUS ADVISORY SERVICES

## THOUGHTFUL DISASTER GIVING OPTIONS

Disaster Response Funds enable donors to give quickly and confidently during disasters or humanitarian crises. Donors can set up their own fund for a specific response effort and invite their employees to contribute, or support our pooled funds that benefit trusted, effective nonprofits in affected communities overseas.

As a warming climate increases the frequency and intensity of natural disasters, we also know that many are predictable. In addition to event-specific campaigns, Myriad USA launched DisasterLink, a prepositioned network of 46 partners in 17 countries at high risk or vulnerability for natural disasters. Each organization is a trusted member of their community and highly invested in the areas they serve, enabling them to activate immediately during a crisis and help communities rebuild and recover in the long term.

### BUILDING TRUSTED RELATIONSHIPS IS AT THE CORE OF OUR PHILOSOPHY.
